You love to be in company and attempt a whole variety of things simultaneously.

#### Appearance

Describing the Gemini is as mercurial is right on the money, since Gemini is ruled by the Planet Mercury. Moving, restless, seeking, learning—Gemini is constant motion, a torrent of wind which is in keeping with this sign's element of Air. The Twins are highly

intellectual and won't hesitate to play mind games with a lover, mere child's play to them.

They are also great communicators, so get ready to hear everything from pithy remarks to impassioned pleas. Inventive, quick-witted and fun, the Twins will jump around from one lover to the next until they find one which is almost as smart as they are and able to keep up in this high-spirited race. The reward for those who can lasso a Gemini is a free-spirited lover who shines at parties but is also a devil in the bedroom.

### **Personality**

A fine bone structure and movements that are light often set you apart from others and make you good dancers as well. Your facial expressions are usually baby like in their transparency. Quick to smile, with ears that are a bit larger than normal, your physique tends to remain slim even when your food intake begins to cross the limits.

The Gemini is always right and never changes his mind - until the next time the argument comes around, when he will take a totally different stand, and deny ever having given vent to his earlier opinions. This is infuriating for his opponents in argument, especially as he has a considerable talent for dialogue - and a tendency to know a very little about a very great number of things, and to master this knowledge skillfully as to seem well informed. His ability to bluff his way out of tight corners is phenomenal. There then, are his worst faults - inconsistency and superficiality. Little wonder, perhaps, that the world's most popular journalists in newspaper, radio, and television are Gemini's. For again, they have an insistent urge to communicate.

### **Profession and Career**

You would make good writers, radio and TV producers or anchor people, lecturers, linguists, teachers, travel agents, sales people.

But when traveling, you're likely to take along beepers, mobile phones, laptop computers, portable radios and televisions, and remote controls. You like being busy, juggling two or more things at once. Boredom, censure or repression could make you

impatient, restless, anxious, snappish, sarcastic, gossipy, cynical or nervously exhausted

**You Match with    Leo Gemini, Libra and Aquarius**

### **Romance and Marriage**

A love affair with a Gemini requires great stamina; so start doing those push-ups now! The Twins are both fun and funny and love to laugh, play and romp. They are possessed of a very active mind, which can sometimes lead to a short attention span. The best way to keep the Twins around, and aroused, is through mental stimulation. A razor-sharp and imaginative lover is a godsend to the terrific Twins. This sign also values adventure and travel, so a certain footloose and fancy free-ness will help this romance bloom. The duality of the Twins allows them to see both sides of an issue, so in times of stress, they are much likelier to be a lover than a fighter. They will also feel especially connected to those who can help them feel, since they spend so much of their time thinking. It's true that your attentions tend to stray even after marriage but it's also true that responsibilities gradually change your attitude and force you into being steady wives and husbands. And yet, you love your home and family and want the best for them. Resolving contradictions where you want to remain free and yet have a good family life are essential for you.

### **YOUR WEAKNESS**

Someone who can roll with the punches and keep smiling in the face of a multifaceted onslaught is priceless to the hyperactive Twins. It's an added plus if that person is smart, fun, a good friend and a great sport. Gemini's need someone who can be attentive to them and who will naturally enjoy their sparkle and wit. They also prefer a strong partner who is not necessarily as smart as they are but who can pick them up, emotionally, when necessary. If the Twins can make a marvelous mental match, life will be a dream. The Gemini lover is easygoing and caring, yet daring and a ball of fire at the right moments.

Mental fireworks are high on their agenda, their own as well as those they can make with another. Only those with plenty of punch need apply for this celestial light show! The Gemini is always right and never changes his mind - until the next time the argument

comes around, when he will take a totally different stand, and deny ever having given vent to his earlier opinions. This is infuriating for his opponents in argument, especially as he has a considerable talent for dialogue - and a tendency to know a very little about a very great number of things, and to master this knowledge skillfully as to seem well informed. His ability to bluff his way out of tight corners is phenomenal. There, then, are his worst faults - inconsistency and superficiality. Little wonder, perhaps, that the world's most popular journalists in newspaper, radio, and television are Gemini's. For again, they have an insistent urge to communicate.

Scorpio is a good conversationalist as well as writers and often rely too much on their own intelligence.

Married life of Scorpio may not be quite happy not only due to temperamental differences but also due to illness affecting the generative system of the partner, unless there are other compensating combinations.

### **SAGITTARIUS**

Jupiter rules this sign and persons born under this sign will generally be inclined towards corpulence. Sagittarius possesses almond eyes and their hair is brown. They are of a phlegmatic temperament. Sagittarius are somewhat conventional and sometimes businesslike also. They are prompt and uphold conservative views. They will be attracted towards the study of occult philosophy and sciences. In these departments of knowledge Sagittarius can acquire mastery. They are too callous and enthusiastic. Combinations for political power warranting, persons born in Sagittarius sign will exercise power with firmness and justice and without yielding to corruptive influences.

### **CAPRICORN**

The lips of Capricorn are fleshy and ladies have an inviting appearance. They have the knack of adopting themselves to circumstances and environments. They have great aspirations in life and cannot economise funds even if they were to be under the influence of adversity. They are modest, liberal and gentlemanly in business transactions. Capricorn is noted for their perseverance and strong mindedness. In fact they are stoical to the miseries of life. They are possessed of sympathy, generosity and philanthropy and take great interest in literature, science and education. Sometimes they are vindictive. When Saturn is badly posited, Capricorn is possessed of

bigotry. God-fearing and humble they make good husbands or wives. Depending upon the disposition of the 9th house Capricorn can become philosophically minded or develop social consciousness.

## **AQUARIUS**

Those born under Aquarius sign will be tall, lean, fairly handsome, manners winning, appearance attractive, and disposition elegant. Lips of Aquarius are fleshy, cheeks broad with prominent temples and buttocks. They are highly intelligent and make friends of others very soon. They are peevish and when provoked, rise like a bulldog but their anger is very soon subsided. They are pure in heart and always inclined to help others. They shine very well as writers and good spokesman. They are at times timid. Aquarius feel shy to exhibit their talents but their conversation will be most interesting and highly instructive. They will specialize in subjects like astrology, psychology and healing arts, etc.

Literacy greatness of Aquarius will come before the world when they are quite young and they themselves will not be able to estimate their capacities well, while others find in them something remarkable and extraordinary. They are intuitive and good judges of character. Aquarius have no organizing capacity and are devoted to their husbands or wives and never betray the interests of even their enemies, when trust is placed in them. Aquarius are liable to suffer from colic troubles and must take special precautions to safeguard themselves against diseases incidental to exposure to cold weather. On the whole Aquarius people have something subtle in them, which endears them to all they come in contact with.

Persons born in Pisces sign will be fair, stout and moderately tall. Pisces are reserved in their manners and are liable to draw premature conclusions on any matter. They are God-fearing. Pisces are generally superstitious and religious, rigid in the observance of orthodox principles and can forego anything but their orthodoxy; or they can be exactly the opposite. They are somewhat stubborn, rather timid, and ambitious to exercise authority over others. They are true friends and are proud of their educational and other

attainments. If the lord of the 7th is badly afflicted, Pisces will have double marriage. They are restless and fond of history, antiquarian talks and mythological masterpieces. Pisces are frugal in spending money and though generally dependent upon others thorough out their life still bear a mark of independence. Pisces are just in their dealings and fear to transgress the laws of truth. With all this, they lack self-confidence.

## CHAPTER 14

### COMPATIBILITY OF ZODIAC SIGNS

#### ARIES WITH OTHER ZODIAC SIGNS

##### ARIES WITH ARIES

An Aries female tends to dominate and if one person will submit to the other there should be much compatibility between two persons born in this fire sign. If both Arians have dominant and forceful aspects in their horoscopes, conflict will arise, as both partners desire to be head of the family. The situation dictates that both shall go for their own careers or directions independently. What starts out so promisingly ends in disharmony? A divorce can be rather be violent and heart breaking. There in order to lead a happy and peaceful life they both have to submit to each other their likes and dislikes.

##### ARIES WITH TAURUS

Aries is impulsive, but Taurus is steady. Both are highly sensual, but the deliberate teasing and unpredictable lovemaking of Taurus can annoy Aries. Taurus is possessive and views Aries's need to be an individual desire rather than individual demand. Taurus is good at earning money but Aries is more spend thrift. This match may not make a fine combination as Venus, the goddess of love, rules Taurus nature and Mars the fiery planet rules Aries. Taurus being slow moving may find the going a bit hectic, though excitement may help to stimulate the friendship but this friendship may not be a lasting affair. Arians tend to omit their temperamental outbursts.

Taurus is not highly emotional on the surface, but they can become furious as a bull, as and when they see red in Aries.

##### ARIES WITH GEMINI

They won't bore each other because as both love to talk more. Gemini is versatile and ingenious and Aries is dynamic and intelligent. They share a special compatibility, for Gemini is as restless and anxious to try new things as Aries is. Gemini is clever enough

to counter Aries's needs. The signals are definitely go. Aries is likely to be the leader sexually, and Gemini delights in thinking up variations to keep Aries's interest at a peak. Gemini being a mercurial sign, where the mind plays an important part in all love making, and the emotional Arian may be too much for the conventional nature of the Gemini. This combination sometimes has a great deal of hankering because of strong differences in their personalities. It is not a great match up.

### **ARIES WITH CANCER**

These two are fascinated with each other. Cancer is cautious. Cancer loves heart and home and Aries hates to be tied down. Resentments often build up and they argue over petty matters. Aries has a sharp tongue that wounds the Cancerians. This combination is usually hard to match. The moon rules Cancerians, making them moody, sentimental and secretive. Their tendency is to live in the past, and they have a difficult time forgetting serious quarrels or disagreement that may occur occasionally this is quite true of this couple.

### **ARIES WITH LEO**

This is usually a great combination. But both have got egos problems and both like to lead. Aries wouldn't dream of taking second place, and Leo needs constant watch.

They can work it out properly if neither tries to defame the other. Though it's a fine sexual match, as both are fiery and romantic. Aries is optimistic and open to life; Leo is generous and good-hearted. They could find room to compromise easily as with both sides being emotional in their makeup, Leo will fascinate an Arian mate if Aries will allow Leo to hold the center of the floor on occasions. Their sex life could be legendary and infidelity kept to a minimum, or eliminated altogether if each of them find what they want from each other, and not have a physical compulsion to stray. Leo admires the aggressive tendencies of fiery signs. That is why Arians make this an ideal union.

### **ARIES WITH VIRGO**

Mercury rules Virgo and Aries is ruled by Mars. But they have totally different ideas. Aries's passions are impulsive and direct. Virgo's sexuality is more enigmatic and takes time to be revealed. In other areas Aries is full of exciting new plans and ideas, and insists on being boss. Virgo is critical and fussy, and likes things to be done the way he wants. They end up making war, not love and do not blend well astrologically. Virgos desire a well-ordered existence and won't be happy under Arian leadership. If the Arian allows Virgo space, and acknowledges the virtues of Virgo, the two can make for a dynamic relationship.

### **ARIES WITH LIBRA**

Libra wants peace, quiet, and harmony while Aries wants action and adventure.

Both like social life, entertaining, and pleasure, but both are restless in their ways. There is a powerful initial attraction between these two but their love life may be bit unconventional. Libra will look for someone less demanding, and Aries will bind someone for more dictating. Marvelous affair but poor marriage shows. Libra's refined and artistic temperament wishes for reciprocal attachments. And this is something Aries cannot provide. There is a wider the ordinary margin for error though, and most of these combinations will go at the distance and nonreciprocal.

### **ARIES WITH SCORPIO**

With Mars dominating both signs it makes for very positive temperaments unless there are some bad natal planetary aspects. Since Aries won't take orders from Scorpions and Scorpio will never take a back seat. Love cannot be a bonfire between these two. Though they've physical, energetic, and passionate in their sexual nature and each has a forceful personality and wants to control the other there is no room for these two. This combination is can make an ideal match if one ignores to dominate the other.

### **ARIES WITH SAGITTARIUS**

The Mars-Jupiter duo is usually an ideal match for each other. Sagittarius is a perfect

ideal and temperamental match for Aries. They both are active, spontaneous people. There may be a little conflict because both are impulsive and brutally frank. However, they have wonderful senses of humor and enjoy each other's company. If they make it in the bedroom, they'll make it everywhere else. Most people of these matches are in it for life. The Sagittarius means liberty, and the pursuit of happiness while

Aries is subscribes to this theory. And for this reason, that makes them a good match.

### **ARIES WITH CAPRICORN**

Capricorns are usually patient and are traditionally easygoing. Arians are too impatient to cope with the slowness attitude. Saturn represents the Capricorn and Mars governs the Aries. Aries's taste for innovation and experiment may not please Capricorns. Aries is restless, fiery, and impulsive; Capricorn is ordered, settled, and practical. Capricorn needs to dominate and so does Aries. Problems often crops up over moneymaking schemes. Not a hopeful combination. Capricorn will nod against the Arian will and a disagreement is bound to occur. In the matter of sex there is an affinity; however, their inherent personalities clash. The combination of a fire sign with an earth sign. Aries is a fiery in nature while Capricorn is earth, cautious and reserved. Aries prefers to take action while Capricorn would rather plan and wait. Without a great deal of tolerance and patience, there is not much hope for this union

### **ARIES WITH AQUARIUS**

Both signs are of independent nature but at times Aquarius will do things without notice with which Aries may become impatient. Since both are active, ambitious, enjoy a wide range of interests, and are equally eager for sexual adventure. As both are independent Aquarius energies more than Aries and Aries may at times feel neglected. Aries finds the Aquarian unpredictability exciting, but feels entirely insecure. However, with a bit of tact and understanding on both sides, this is a great affair that could turn into something even better.

This could possibly be a good relationship, but will require a positive attitude on both

parts.

### **ARIES WITH PISCES**

Pisceans are romantic and they desire the delicate approach that which the Arian lacks. Aries will draw Pisces out of their shell, and in turn will be appealed by Pisces mysterious nature in terms of sexuality. The boldness and confidence of Aries adding to the Pisces's intuitions and fantasies end in an eventful union. Pisces is somewhat shy and Aries likes to be dominant, Pisces likes having someone to be looked upon. For a happy coupling thus requires only a little more tact on Arian part.

## CHAPTER 15

### TAURUS WITH OTHER ZODIAC SIGNS

#### TAURUS WITH ARIES

Taurus is possessive and views Aries's need to be an individual desire rather than individual demand. Aries is an impatient, energetic sign, rather domineering the slower-moving Taurus may find the going a bit hectic, but the excitement may help stimulate courtship since Taurus is a highly emotional sign, though very obstinate when dictated to. Taurean nature is ruled by Venus, the goddess of love, and Aries is ruled by Mars the fiery planet. Aries is impulsive, but Taurus is steady. Both are highly sensual, but the deliberate teasing and unpredictable lovemaking of Taurus can annoy Aries. This match may not make a fine combination as Taurus being slow moving may find the going a bit hectic, though excitement may help to stimulate the friendship but this friendship may not be a lasting affair.

#### TAURUS WITH TAURUS

Both are earthy creatures that prefer safety to adventure. From a physical stand point; this appears to be a compatible combination. Both share a fondness for money, and are hardworking, loyal, and affectionate. The female Taurean tends to be more sentimental than the male Taurean, but each is as possessive as the other, which works out fine. Because they are both earthy and direct about sexual needs, there should be no problem in that department, if one adheres to the will and wishes of the other.

#### TAURUS WITH GEMINI

The Gemini personality may prove to be too restless for the Taurus nature. The two signs are emotionally at distance. These two are completely unlike in temperament. Taurus is fixed in opinions, resistant to change. Gemini is restless, vacillating. Gemini is attracted to Taurus's passions, but in time Taurus's instinct for security and stability will be offended by Gemini volatile nature. Taurus's demands are simply too much for Gemini, who seeks excuses. Taurus with the innate need to possess will never be able to hang on

to the unsettled Gemini. Gemini loves change and Taurus resists it so becomes rather difficult for both of them to come to an understanding in the matters of making love.

### **TAURUS WITH CANCER**

Usually this makes a good combination. Cancer likes a good home with much affection. This is what every Taurean hopes to find when undertaking conventional responsibilities. Cancer needs someone like Taurus to depend on as Cancer gives Taurus the loyalty and feedback it needs. Taurus is ambitious for money and security, and Cancer has exactly those same goals. Similar interests and desires make for harmonious meetings. From an emotional point of view, there is nothing in the stars that bars the prospect of a happy married life between these two partners. This is a good combination as both signs are naturally attracted by the others sense for feelings and emotions.

### **TAURUS WITH LEO**

Venus and the Sun make a good combination, especially when each understands the other's faults.

Excellent physical qualities and great attraction is there for both partners. Taurus will supply the attention that Leo requires but will expect it to be returned. A strong attraction physically and emotionally but having too many obstacles to cope with.

### **TAURUS WITH VIRGO**

With both being earth signs there will be much common ground for these two. Both Virgo and Taurus desire material success and security. Taurus keeps a careful eye on expenditures, which pleases Virgo. Although they lack what might be called a spontaneous approach to life, neither puts a high value on that. Both share the same intellectual pursuits. Taurus's attraction and Virgo's sharp mind are a good combination for success as a team.

### **TAURUS WITH LIBRA**

Libra an air sign loves to roam and Taurus an earth sign loves to sit and waits patiently. With understanding it could be a harmonic relationship. Taurus balances Libra's indecisiveness. Taurus finds Libra a warm, romantic, partner. Libra is born to charm. The

love goddess and it does shine on the two lovebirds that are until one-steps out of line. Both signs are ruled by Venus and have sensual natures, but each expresses this quality differently. However there are common interest and a meeting of the mind and body making this a very good marital combination. They appreciate beauty and the finer things of life.

### **TAURUS WITH SCORPIO**

These two are opposites in the zodiac, but they have more in common than other opposites. Both are determined and ambitious, and neither is much of a lover. These are zodiac opposites, but they are compatible earth and water signs. This usually manifests itself in a strong physical attraction. This combination mutually admires each other. Jealousy however is the big problem with this pair and that seems to be always showing its face. Taurus must be careful to keep faith with the scorpion, or else this combination will fall down without warning.

### **TAURUS WITH SAGITTARIUS**

These are two very different personality types the more reserved Taurus and the outgoing Sagittarius both has an appreciation for the truth. Sagittarius has an easy live and let live attitude this might work if Taurus can tie a string to Sagittarius's. The Taurus who marries a Sagittarian will find that no amount of arguing or berating is going to change the reckless Sagittarian With some understanding they can find harmony in their characters as long as they allow each other their personalities. With the Taurean being possessive and the Sagittarian being freedom loving, the Sagittarian may find this hard to cooperate with.

### **TAURUS WITH CAPRICORN**

A good combination of the basic earth signs. Both are responsible and practical natures. They even have a mutual desire for success and material things. Capricorn is a strong match for Taurus, for they both have passions that are straightforward and uncomplicated. Capricorn is a bit more secretive than Taurus. With both partners having mutual understanding of each other's personalities this can be a very compatible marriage. Venus

and Saturn blend very well from an emotional point of view.

### **TAURUS WITH AQUARIUS**

These two live on opposite sides of the planet, in fact sometimes, Taurus will wonder if Aquarius is even from this planet. Neither is likely to approve of the other. Taurus is conservative, careful, closemouthed. Aquarius is unconventional, innovative, and vivacious. Taurus is lusty and passionate while Taurus needs security and comfort. Aquarius, a fancy-free loner who resents ties that bind. This combination heads in for many difficulties. The Aquarian being unpredictable both love ease and comfort but their views on how to obtain them are very different. Another big irritation for the Taurus lover is the unwillingness of the Aquarius to share his secrets. Aquarius will find the Taurus attention somewhat smothering and restrictive.

### **TAURUS WITH PISCES**

These two can share a great deal of their appreciation for beauty, art, and sensuality and just about any of the finer things in life. Pisces may not altogether understand Taurus's materialistic approach to life. Taurus's practical, easygoing nature helps Pisces through its frequent changes of mood. In love, Taurus is devoted and Pisces adores. This usually is a very happy combination. Pisces being romantic, imaginative, impressionable and flexible is just what the Taurus native is looking for.

## CHAPTER 16

### COMPATABILITY OF ZODIAC SIGNS

#### GEMINI WITH ARIES

Gemini respects the refined, intellectual approach to continual bliss. Impatient Arians may find this frustrating, after a while may try to find a less difficult companion. This lively, energetic pair can be good friends as well as good lovers. Aries will probably make the decisions because Gemini has difficulty in that area. Not a great match up, but can work with understanding and effort. Aries needs to calm down. Don't get me wrong. Gemini is versatile and ingenious and Aries is dynamic and intelligent. They share a special compatibility, for Gemini is as restless and anxious to try new things as Aries is. Gemini is clever enough to counter Aries's needs. Gemini being a mercurial sign, where the mind plays an important part in all love making, and the emotional Arian may be too much for the conventional nature of the Gemini. It is not a great match up.

#### GEMINI WITH TAURUS

The Gemini personality may prove to be restless for the Taurean nature. Taurus wants life to be stable and ordered, while Gemini is easily bored and looks for new experiences. These two are completely unlike in temperament. Taurus's demands are simple and Gemini seeks excuses. Gemini loves change and Taurus resists it so becomes rather difficult for both of them to come to an understanding in the matters of understanding each other. An unpromising match.

#### GEMINI WITH GEMINI

As both are of air signs and are ruled by the planet mercury. These two will never bore each other, for they are interested in everything. A compatible combination this should prove to be, at least both would understand each other's changeable nature. The Gemini demands for change and variety will keep this relationship somehow moving. Whether it produces a happiness or sadness depends on at least one of the companion paying

attention, at least for some time. Discussions will be lively and ever changing life may become restless but again they cannot have it in any other way.

### **GEMINI WITH CANCER**

Cancer needs security and homely atmosphere whereas Gemini dislikes to be being tied down. These two have too little in common for a long-term relationship. Gemini lacks patience with Cancer's moods and Gemini's sharp tongue is too harsh for Cancer's strong ego. While Gemini is constantly on the alert for change, Cancer is satisfied to become a truly homely mate. Cancers are driven by emotion and feelings and generally prefer to be constant. Gemini's unstoppable movement may prove be unsettling to Cancer's needs. They are poised for a downward trend. Gemini makes Cancer feel quite insecure and their affair is likely to result in a volatile behaviour.

### **GEMINI WITH LEO**

On the surface there is great mutual attraction for both signs. While Leo loves with his heart first, Gemini loves with his mind. Both are naturally attracted to glamour and flattery of the world. Their affair is a chase after variety and amusement.

An affectionate pair who really enjoy each other. Leo will probably demand more adoration than Gemini is willing to give. Socially, each tries to upstage the other, but they have a lot of fun together doing it. There is good reason to be optimistic about this pairing; all in all this is a very good combination of air and fire.

### **GEMINI WITH VIRGO**

Both are Mercury-ruled and have a mental approach to life. They are attracted to each other because of a mutual interest in intellectual ideas. Both have active minds. Virgo's analytical approach seems like indifference to Gemini. Virgo looks on Gemini's busy social life as superficial and a waste of time. Virgo is critical; Gemini is tactless. Mercury is calculating and logical; in Virgo it is critical and demanding. Gemini's ever-present desire for change would be much for the realistic Virgo. One point for the two to be compatible would be the desire for good clothes, cleanliness, mutual desire for friends and associates who are engaged in intellectual and artistic pursuits. Gemini can deal with Virgo's critical

eye, well, this could work.

### **GEMINI WITH LIBRA**

These two air signs are well suited in every way. Both signs have much in common and enough to make an ideal partnership. Libra being under Venus's influence and Mercury ruling Gemini makes for a very good planetary combination. This will be a very stimulating relationship. One sign compliments the other and brings out the better part of each other's nature. Gemini will find it easy to communicate with Libra who is only too happy to share his information and ideas. They are affectionate, fun loving, entertaining, and travel fond.

This is considered to be a great astrological influence for a long and happy marriage.

### **GEMINI WITH SCORPIO**

An air sign with a water sign. Gemini is too changeable and inconstant for intense. Scorpio, who needs and demands total commitment. Scorpio is basically a loner; Gemini likes to glitter in social settings. Gemini has a strong penchant for independence, while Scorpio wants to dominate and possess. Gemini's desire for freedom of action will clash with the jealous and possessive nature of Scorpio. While some Gemini-Scorpio combinations may work out fairly well, the pure Gemini-Scorpio alliance packs as much power as an atomic bomb. These two will have some difficulty rectifying their innate natures. Love conquers all. Then again, too much, stifles some. These two are opposites in the zodiac and are attracted to each other like magnets. They'll especially enjoy each other's minds for both have wide-ranging and varied interests.

### **GEMINI WITH SAGITTARIUS**

Gemini is ruled by Mercury and Sagittarius is ruled by Jupiter the planet of knowledge and wisdom. Both have bright minds, but Sagittarius is outspoken while Gemini likes to enjoy fun. They are usually a compatible combination with both being frank, outspoken, and a certain amount of personal understanding being made. They meet on a common ground, and can plan their lives with equilibrium. They are restless,

adventuresome, imaginative, and fun loving. No other opposite signs in the zodiac enjoy each other more than these two. However if Sagittarius forgoes its ego and Gemini restores to concrete planning they can make a good combination otherwise their combination may not last long.

### **GEMINI WITH CAPRICORN**

Capricorn gets worried about security, while Gemini feels about losing its liberty. The Saturn ruled Capricorn will be at differences with the Mercury ruled Gemini. Patience is a virtue with Capricorn, but it is not so with Gemini. Gemini's need for a survival does nothing to make Capricorn feel secure. Gemini's free talks, meets opposition from conservative Capricorn. Capricorn's great drive to execute will prove to be too much for the Gemini. Until them both are ready to minimize their goals. Capricorn will go on hunting until he gains the upper hand. Of course with these two people going together anything is possible and the outcome of the result may not be satisfying to each other.

### **GEMINI WITH AQUARIUS**

Gemini is bit inconstant or unstable, Aquarius understands somewhat Gemini's needs. Gemini is always looking for surprises and the Aquarian can give them. Gemini and Aquarius get along quite easily. They share a taste for new things, travelling, meeting new people and doing new things. Since both are unpredictable, things may always go smoothly with them. But love keeps getting them together, for Aquarius adores Gemini's wit and good cheer. The caring, thoughts of Aquarius will find a smooth home with Gemini. Uranus, the ruling planet of Aquarius, is full of surprises and sudden changes. This will suit the Gemini perfectly. There will be plenty of none stop variety to afford the stimulation that Gemini needs for its dual personality and goal.

### **GEMINI WITH PISCES**

Their passion is quite high, and so are their problems. Pisces get easily hurt by thoughtless Gemini. Gemini is mischievous and playful, but Pisces is sensitive and takes things to heart easily. Each practices in his or her thoughts in their own way: Gemini

needs freedom and Pisces needs unending appreciation. Pisces just can't feel secure with talkative moods of Gemini, and he tries to pull the net in his own way. This atmosphere eventually makes it hard for Gemini to breathe his own liberty. The freedom of Gemini is stake if he marries a Piscean. Gemini's should be prepared to change their ways if they want to seek happiness with a loving and possessive Piscean.

## **CHAPTER 17**

### **CANCER WITH OTHER ZODIAC SIGNS**

#### **CANCER AND ARIES**

The moon rules Cancer, making him moody, sentimental and secretive. Aries is ruled by mars and makes him bold and aggressive. Cancer is easily hurt by Aries's aggressiveness and sharp tongue. Cancer likes security and Aries needs freedom to explore new worlds. Both like to accumulate money. Aries wants to spend it and Cancer wants to keep it. Too many problems here. This combination is usually hard to match. Cancer holds on like that of a crab, while Aries cannot part with the things so easily that are with them. The secretive nature of Cancer has the potential of clashing with the openness of Aries. Though Aries can be moody too, it is not quite so bad as Cancer. If they make it through the first year or so the rest may turn out to be an easy affair.

#### **CANCER AND TAURUS**

This is a good combination as both signs are naturally attracted to each other. Both need security and both are loving, affectionate, and passionate. Both are moneymakers, and together they enjoy the delights of heart and home. Taurus is good for Cancer's moodiness. What each needs the other supplies? From an emotional point of view, there is nothing in the stars that bars the prospect of a happy married life between these two partners. One thing is what Tureen should remember is that Cancer is sensitive, and will crawl into a shell if he or she is unhappy emotionally.

#### **CANCER AND GEMINI**

Gemini is constantly on the alert for change, Cancer is satisfied to become a true mate. Cancer's nature is emotional and Gemini's nature is openness and that makes it difficult for them to understand each other. Cancer will try to keep Gemini penned in, and Gemini can't abide that. Cancer and moodiness may become too much for Gemini to cope with. There would be better compatibility where the female is a Gemini and the male is a

Cancerian, Cancers are driven by emotion and feelings and generally prefer to remain constant while Gemini's unstoppable movement and talkative nature will prove unpleasant to Cancer desire.

### **CANCER AND CANCER**

They understand each other perfectly and can also wound each other without even trying hard or harsh. Both are too sensitive, demanding and dependent. They have a lot in common, and each needs an enormous amount of attention. That's the main drawback and trouble. This combination can make married life easy going, because each will have a sympathetic understanding for the other's moods, and wishes. Though there are times were they may disagree, with each clinging to their previous experience and teachings each will no doubt understand the other better. Both will give enough consideration to their company and they should have no trouble in finding constant happiness.

### **CANCER AND LEO**

Usually this is a good combination, since the Cancer reflects the light of the Leo. Leo's heart will soon forgive the mood outbursts that Cancer shows from time to time. Leo will appreciate cancer's attention and as long as cancer can forgive and forget that they feel neglected at times. Cancer will feel a bit more enthused around Leo and will probably let Leo run things. Cancer has to get used to Leo's generous, open heartedness. Leo is just what insecure Cancer is looking for. Cancer's marvelous intuitions tell it exactly how to handle this Leo.

### **CANCER AND VIRGO**

Virgo's demands may be a bit much for Cancer's desire for peace and quiet. Cancer's response is emotive while Virgo's is analytical. Cancer may have to warm up Virgo a little, since there is fire under the ice. This can turn into a comfortable and affectionate relationship. Cancer's struggle for financial security works perfectly with Virgo. Cancer's dependency neatly complements Virgo's need to protect, and each is anxious to please the other. The full, affectionate feelings of cancer will not be completely satisfied by Virgo's direct approach to the practical matters at hand. Virgo will appreciate the loyalty and

sincerity of cancer, but will need to be a little more demonstrative and affectionate with cancer.

### **CANCER AND LIBRA**

Cancer is not temperamentally suited to cope with the freedom loving Libran. This pair operates on entirely different levels. Cancer is too temperamental and possessive for airy Libra. They both love a beautiful home, but Libra also needs parties and people and outside pleasures. When Cancer turns critical, especially about Libra's extravagance, Libra starts looking elsewhere. On the positive side though, they could make it. Ruled by the Moon and Venus respectively, there is common ground here despite the fact that we have a water sign and an air. Libra will appreciate Cancer's loyalty and generosity. Cancer wants love Libra seeks perfect intellectual communion.

### **CANCER AND SCORPIO**

Water signs rule both. Cancer is loyal; Scorpio's jealousy isn't provoked. Cancer admires Scorpio's strength while Scorpio finds a haven in Cancer's emotional commitment. Both are extremely intuitive and sense what will please the other. Together they can build a happy home where they feel safe and loved. This relationship has great intimacy, intensity, and depth. Things just get better all the time. Scorpio should make a good mate for quiet spoken cancer. Scorpio and cancer could well prove the ideal marriage combination.

### **CANCER AND SAGITTARIUS**

A water and fire combination. Sagittarius likes to wander, while Cancer is prefers to stay at home. Cancer's commitment to total togetherness only makes Sagittarius desperate to get away. In addition, outspoken Sagittarius's bluntness continually wounds sensitive Cancer. They happen to be better friends than lovers. There is a vast difference in natures and the likely hood of being compatible is all but impossible, unless there are some positive aspects in their charts. Cancer is too needy for Sagittarius. On the good side, they are both generous people.

### **CANCER AND CAPRICORN**

Both signs have plenty in common. Capricorn has too many other interests to give Cancer all the attention it needs. Cancer is shy, sensitive, and needs affection, while Capricorn is aloof, and domineering. Capricorn has the ability to make cancer's dream come true, while Cancer is happy wishing for and wanting the success and security that the Capricorn strives for. The elements of water and earth go well together but these are zodiac opposites you can expect both side of the coin. They will have to take the good with the bad and there will be plenty of both. Capricorn lacks the warmth and sentiment that Cancer requires.

### **CANCER AND AQUARIUS**

Cancer has a conservative taste while Aquarius taste is usually the opposite. Aquarius is quick-minded, unpredictable, and apt to be impatient with cautious, hesitant Cancer. Cancer needs to feel close and secure. The social side of the Aquarian may prove to be too much for the Cancer. Aquarian's love to share their life stories with the world while cancer is satisfied to concentrate on personal obligations. Odds against this combination are too great for this combination, unless one will become convergent to the other. Aquarius has a need to be independent and often appears detached in a close relationship with cancer.

### **CANCER AND PISCES**

A harmonious match and quite a perfect match as both are ruled by the water signs. The sentimental combination of these two signs make for an ideal marriage. Although both will have their moments of gloom and doom, they will soon come out in the sunshine to forgive and forget each other. They are both romantic, need to love and be loved and can probably communicate to each other without speaking or making facial gestures. Both are emotional, intensely devoted, and sensitive to each other's moods.

## **CHAPTER 18**

### **LEO WITH OTHER ZODIAC SIGNS**

#### **LEO WITH ARIES**

This is usually a great combination. But both have got egos problems and both like to lead. Aries wouldn't dream of taking second place, and Leo needs constant watch. They can work it out properly if neither tries to defame the other. Though it's a fine sexual match, as both are fiery and romantic. Aries is optimistic and open to life; Leo is generous and good-hearted. Leo admires the aggressive tendencies of fiery signs. That is why Ari-ans make this an ideal union.

### **LEO WITH TAURUS**

Leo requires but will expect it to be returned. Leo loves to dominate and eventually Taurus being strong willed but more patient. Venus and the Sun make a good combination, especially when each understands the other's faults. Excellent physical qualities and great attraction is there for both partners. Taurus will supply the attention that Leo requires but will expect it to be returned. A strong attraction physically and emotionally but having too many obstacles to cope with.

### **LEO WITH GEMINI**

On the surface there is great mutual attraction for both signs. While Leo loves with his heart first, Gemini loves with his mind. Both are naturally attracted to glamour and flattery of the world. Their affair is a chase after variety and amusement.

An affectionate pair who really enjoy each other. Leo will probably demand more adoration than Gemini is willing to give. Socially, each tries to upstage the other, but they have a lot of fun together doing it. There is good reason to be optimistic about this pairing; all in all this is a very good combination of air and fire. All in all this is a very good combination of air and fire.

### **LEO WITH CANCER**

This is a combination of fire and water. Usually this is a good combination, since the Cancer reflects the light of the Leo. Leo's heart will soon forgive the mood outbursts that Cancer shows from time to time. Leo will appreciate cancer's attention and as long as cancer can forgive and forget that they feel neglected at times. Cancer will feel a bit more enthused around Leo and will probably let Leo run things. Cancer has to get used to Leo's

generous, open heartedness. Leo is just what insecure Cancer is looking for. Cancer's marvelous intuitions tell it exactly how to handle this Leo.

### **LEO WITH LEO**

The both being fire signs. Two positive and strong willed individuals. Both are romantic, colorful, and exuberant about life. Each not only wants to sit on the throne, each wants to be the power behind it as well. They want to be the head of their social groups. The two are constantly competing for leadership; unhappy results can result from this. The only hope for a successful partnership is for the female to be content to rule the home and the male to shine in the business and social world. It's difficult for one Leo to make room for another ego as large as its own, but that's exactly what's needed here.

### **LEO WITH VIRGO**

Leo being a fire sign and Virgo being the earth sign. Here is a good chance for a happy partnership. Virgo is practical Leo is extravagant and a spendthrift. Leo likes to live life in a really big way, but Virgo is conservative. This is one of those relationships that depend on the type of relationship it is. Leo will overwhelm Virgo, whose criticism will irk Leo. In business it is best when Leo leads and Virgo follows and the differences will be tolerated. Both of them should look elsewhere. If Virgo will permit Leo to hold the limelight and refrain from being too critical they should have no real barriers to a happy and successful partnership. But this may be quite hard.

### **LEO WITH LIBRA**

Leo being a fire and Libra being an air sign. The comparability of this too shall be tiring affair. The hale and hearty Leo may prove to be too much for the sensitive Libra nature, though they have a lot in common that could make for a good combination. The sun ruling Leo and Venus ruling Libra usually form a strong and luxurious aspect. Libra is indecisive and Leo will naturally take charge. Both signs love luxuries, are subject to flattery, and are very artistically inclined. The book may not always balance because they're both extravagant and love a beautiful setting in which to shine. Each will also try to outdo the other in order to get attention.

## **LEO WITH SCORPIO**

Leo being a fire sign and Scorpio being water sign. Two very strong willed individuals generally create some rather stormy moments. But Leo finds it hard to cope with Scorpio's jealousy and possessiveness.

Scorpio considers Leo a showpiece. Scorpio doesn't understand Leo's need to be continually surrounded by an admiring audience. Scorpio would rather dominate than admire, and that doesn't suit Leo's kingly state. Two shinning personalities join together. Basically this should make for one of the most compatible combinations, but long and happy partnership will be far better a Leo female marries a Scorpio male.

## **LEO WITH SAGITTARIUS**

Both being of fire sign. The pendulum can swing in any body's favour. Together they share a liking for freedom, adventure, and meeting new people. Leo's natural quality of leadership brings out what loyalty Sagittarius can give. Leo is very proud, but self-confident and expansive Sagittarius is quite happy to let Leo go. Both love change and excitement and have a great zest for life.

## **LEO WITH CAPRICORN**

Leo being a fire sign whereas Capricorn is an earth sign. The combination of these two may at time lead to severe complications. The slow Capricorn may prove to be too much for the carefree nature of Leo. Leo will think Capricorn stingy with affection because Capricorn's reserved, undemonstrative nature cannot give Leo the adoration it needs. Neither will take a back seat nor let the other dominate. This affair will be on the rocks before it even leaves the dock. Leo forgives and forgets; Capricorn being the one who is slow to anger and seldom forgets. This pair would not form the ideal basis for mutual understanding. Leo likes to live for the moment and Capricorn prefers to make calculated movements.

## **LEO WITH AQUARIUS**

Leo is a fire sign and Aquarius is an air sign. The comparability of this two in terms of worldly affairs can often become difficult to match. Both like socializing and meeting new

people, but Leo always needs to perform on center stage, which makes Aquarius impatient and irritable. Aquarius is too independent to become Leo's devoted subject. And that's where it ends. Leo views Aquarius's aloof emotions as a personal rejection. Both signs are better when doing things for others. Leo loves the world and Aquarius loves humanity. This makes for an excellent combination for a partnership that deals with or caters to the public. Each has a mutual understanding of the other when it comes to intimate matters, needs and desires.

### **LEO WITH PISCES**

A Fire and water combination. Leo being a fire sign and Pisces being a water sign often makes this a unique combination. Both are more inclined to take than to give. Fiery Leo and watery Pisces. This is the depiction of these two. Generally not expected to work but both have an ability to learn from one another if they can get past their innate differences. The strong and hearty temperament of Leo may be too much for the subtle and sensitive Pisces. Pisces, with resilience, takes on the changing moods of any partnership. While Leo is flattered by the dependency of others, Pisces may be too much for Leo to take over a long period of time.

## CHAPTER 19

### VIRGO WITH OTHER ZODIAC SIGNS

#### VIRGO WITH ARIES

Virgo is ruled by Mercury and Aries is ruled by Mars. But they have totally different ideas. Aries's passions are impulsive and direct. Virgo's sexuality is more enigmatic and takes time to be revealed. In other areas Aries is full of exciting new plans and ideas, and insists on being boss. Virgo is critical and fussy, and likes things to be done the way he wants. They end up making war, not love and do not blend well astrologically. Virgos desire a well-ordered existence and won't be happy under Arian leadership. If the Arian allows Virgo space, and acknowledges the virtues of Virgo, the two can make for a dynamic relationship.

#### VIRGO WITH TAURUS

With both being earth signs there will be much common ground for these two. Both Virgo and Taurus desire material success and security. Taurus keeps a careful eye on expenditures, which pleases Virgo. Although they lack what might be called a spontaneous approach to life, neither puts a high value on that. Both share the same intellectual pursuits. Taurus's attraction and Virgo's sharp mind are a good combination for success as a team. The one drawback is that Virgo is normally in control of their emotional output while Taurus thrives on deep emotion and could perhaps overwhelm Virgo.

#### VIRGO WITH GEMINI

Both are Mercury-ruled and have a mental approach to life.

They are attracted to each other because of a mutual interest in intellectual ideas. Both have active minds. Virgo's analytical approach seems like indifference to Gemini. Virgo looks on Gemini's busy social life as superficial and a waste of time. Virgo is critical; Gemini is tactless. Mercury is calculating and logical; in Virgo it is critical and demanding. Gemini's ever-present desire for change would be much for the realistic Virgo. One point for the two to be compatible would be the desire for good clothes, cleanliness,

mutual desire for friends and associates who are engaged in intellectual and artistic pursuits. Gemini can deal with Virgo's critical eye, well, this could work.

### **VIRGO WITH CANCER**

Virgo's demands may be a bit much for Cancer's desire for peace and quiet. Cancer's response is emotive while Virgo's is analytical. Cancer may have to warm up Virgo a little, since there is fire under the ice. This can turn into a comfortable, and affectionate relationship. Cancer's struggle for financial security works perfectly with Virgo. Cancer's dependency neatly complements Virgo's need to protect, and each is anxious to please the other. The full, affectionate feelings of cancer will not be completely satisfied by Virgo's direct approach to the practical matters at hand. Virgo will appreciate the loyalty and sincerity of cancer, but will need to be a little more demonstrative and affectionate with cancer.

### **VIRGO WITH LEO**

Virgo being the earth sign and Leo being a fire sign. Here is a good chance for a happy partnership. Virgo is practical Leo is extravagant and a spendthrift. Leo likes to live life in a really big way, but Virgo is conservative.

This is one of those relationships that depend, the type of relationship it is. Leo will overwhelm Virgo, whose criticism will irk Leo. In business it is best when Leo leads and Virgo follows and the differences will be tolerated. Both of them should look elsewhere. If Virgo will permit Leo to hold the limelight and refrain from being too critical they should have no real barriers to a happy and successful partnership. But this may be quite hard.

### **VIRGO WITH VIRGO**

Since both being the earth signs their comparability speaks of their ego problems that they may be facing while adhering to each other's view. Each of them has to forgo their egos. All is smooth sailing as long as these perfectionists curb their instincts for finding fault. Actually, they bring out the very best in each other. They are responsible, sensitive, intelligent, and take love seriously. They also share passions of the mind, and will never

bore each other. Important things. Finding anything resembling compatibility would be hard for this combination. Both have a tendency to end up with a battle of the wits with both opponents evenly matched. Each would over exaggerate the faults of the other.

### **VIRGO WITH LIBRA**

Virgo is an earth sign and Libra is an air sign. Libra enjoys spending money, going to parties, and being the center of attention. Virgo will try to curb and dominate Libra's fickle and outer directed nature. Virgo is reserved and practical, and Libra views this as a personal rebuff. Libra will soon drift away in search of more fun-loving companions. Libra may tap Virgo's hidden sensuality but their personalities are altogether too different for real compatibility.

Another combination that would have trouble finding a good marital life. Their understanding and their married life can come to settlement provided each of the other forgoes the individual ego.

### **VIRGO WITH SCORPIO**

Virgo belongs to the earth sign while Scorpio belongs to the water sign. The combination sometimes belongs to the mutual admiration society. If Virgo will keep from hurting Scorpio's pride, this combination will be happy and enduring. Scorpio is also possessive and fiercely loyal, which makes Virgo feel loved and protected. They also admire each other's minds. Virgo is logical, intellectual, and analytical. Scorpio is imaginative, visionary, and perceptive. Scorpio is volatile but secretive, Virgo is self-restrained and reserved. The Virgo mind is very fascinated with the mysterious and intriguing Scorpio. The only problem here is on the emotional side. If each of them keeps their emotion aside there is some hope for a longer lasting friendship.

### **VIRGO WITH SAGITTARIUS**

Virgo is an earth sign and Sagittarius is a fire sign. Their comparability often leads to unwanted and undesired conflicts. Though both are intellectual signs but the way their minds work clashes with each other. Sagittarius is expansive and extravagant, while Virgo prefers a simple, ordered, and unpretentious life. Sagittarius's free spirit has nothing in

common with hardworking Virgo. The differences here are like day and night. Not all bad but difficult to reconcile with.

### **VIRGO WITH CAPRICORN**

Since these are two earth signs the mercury and sun combination should find mutual grounds for an agreeable partnership. A harmonious pair. Both are diligent, disciplined, and have a sense of purpose. They admire one another and take great pride in pleasing each other. Both need respect and approval and each intuitively gives the other exactly that. With these two signs there are some similarity and compatibility. They are both very exacting. This stops many areas of disagreement. They both take great pride in appearance and surroundings. They can find a friend in each other.

### **VIRGO WITH AQUARIUS**

Virgo is an earth sign while Aquarius is an air sign. Aquarius has venturesome ideas and thinks Virgo unresponsive or cold. A lot depends on the cultural and educational levels of the partners. Aquarius is interested in other people, causes and Virgo is cautious about emotional giving. Virgo seeks personal achievement and financial security. Aquarius is outgoing, inventive, a visionary. Virgo is reserved, prudent, and very practical about its ambitions. This couple may not even make it as friends. There is a marked difference between the two; the chances for a happy and enduring marriage are almost nil. Each has a distant quality. There is no happy medium with this combination; it is either very good or very bad.

### **VIRGO WITH PISCES**

Pisces is fascinated by Virgo's incisive, analytical mind. Virgo, love means security and mental compatibility. Pisces is the very opposite of Virgo as opposites often are sentimental and are poles apart. It will take a great deal of patience and understanding on the part of Virgo to cope with the sentimental nature of Pisces.

This is another pair of zodiac opposites that can be great at times and horrible at others times. This combination the happy. Opposites can learn a lot about themselves from their counterparts. It will go a long way in making.

## CHAPTER 20

### LIBRA WITH OTHER ZODIAC SIGNS

#### LIBRA WITH ARIES

Libra being an air sign and is a fire sign. Libra wants peace, quiet, and harmony while Aries wants action and adventure. Both like social life, entertaining, and pleasure, but both are restless in their ways. There is a powerful initial attraction between these two but their love life may be bit unconventional. Libra will look for someone less demanding, and Aries will bind someone for more dictating. Marvelous affair but poor marriage shows. Libra's refined and artistic temperament wishes for reciprocal attachments. And this is something Aries cannot provide. There is a wider the ordinary margin for error though, and most of these combinations will go at the distance and nonreciprocal.

#### LIBRA WITH TAURUS

Libra an air sign loves to roam and Taurus an earth sign loves to sit and waits patiently. With understanding it could be a harmonic relationship. Taurus balances Libra's indecisiveness. Taurus finds Libra a warm, romantic, partner. Libra is born to charm. The love goddess and it does shine on the two lovebirds that are until one-steps out of line. Both signs are ruled by Venus and have sensual natures, but each expresses this quality differently. However there are common interest and a meeting of the mind and body making this a very good marital combination. They appreciate beauty and the finer things of life.

#### LIBRA WITH GEMINI

These two air signs are well suited in every way. Both signs have much in common and enough to make an ideal partnership. Libra being under Venus's influence and Mercury ruling Gemini makes for a very good planetary combination. This will be a very stimulating relationship. One sign compliments the other and brings out the better part of each other's nature. Gemini will find it easy to communicate with Libra who is only too happy to share his information and ideas. They are affectionate, fun loving, entertaining,

and travel fond. This is considered to be a great astrological influence for a long and happy marriage.

### **LIBRA WITH CANCER**

Cancer is not temperamentally suited to cope with the freedom loving Libran. This pair operates on entirely different levels. Cancer is too temperamental and possessive for airy Libra. They both love a beautiful home, but Libra also needs parties and people and outside pleasures. When Cancer turns critical, especially about Libra's extravagance, Libra starts looking elsewhere. On the positive side though, they could make it. Ruled by the Moon and Venus respectively, there is common ground here despite the fact that we have a water sign and an air. Libra will appreciate Cancer's loyalty and generosity. Cancer wants love Libra seeks perfect intellectual communion.

### **LIBRA WITH LEO**

Leo being a fire and Libra being an air sign. The comparability of this too shall be tiring affair. The hale and hearty Leo may prove to be too much for the sensitive Libra nature, though they have a lot in common that could make for a good combination. The sun ruling Leo and Venus ruling Libra usually form a strong and luxurious aspect. Libra is indecisive and Leo will naturally take charge. Both signs love luxuries, are subject to flattery, and are very artistically inclined. The book may not always balance because they're both extravagant and love a beautiful setting in which to shine. Each will also try to outdo the other in order to get attention.

### **LIBRA WITH VIRGO**

Libra is an air sign and Virgo is an earth sign. Libra enjoys spending money, going to parties, and being the center of attention. Virgo will try to curb and dominate Libra's fickle and outer directed nature. Virgo is reserved and practical, and Libra views this as a personal rebuff. Libra will soon drift away in search of more fun-loving companions. Libra may tap Virgo's hidden sensuality but their personalities are altogether too different for real compatibility. Another combination that would have trouble finding a good marital life. Their understanding and their married life can come to settlement provided each of

the other forgoes the individual ego.

### **LIBRA WITH LIBRA**

Whereas both are air signs. They both have basically the same interests and qualities, so there would be great understanding in the relationship. The biggest problem may be unresolved conflicts, as neither wants to stir the pot when differences appear. Equally demonstrative, lively, warm, sociable, in love with beautiful things, a problem is that neither wants to face reality. Though they are charming, peace loving, and adaptable, and each needs a stronger balance than the other can provide. Also, because they are so much alike. Here is a match made in heaven, unless one had an incompatible sign rising at birth. While both like to be admired. With this combination there is so much in common and so little negatives.

### **LIBRA WITH SCORPIO**

Libra is an air sign whereas Scorpio is a water sign. Libra may find Scorpio's intense nature a bit overwhelming. Common goals and shared interests could avert any difficulties. There is much sympathetic magnetism between these two signs. While Scorpio is the more dominating sign of the two. There is much to recommend this union, for they have many sympathies in common. Librans are sentimental and susceptible as lovers. This seems to be appealing to Scorpio's dominant and possessive urges. Scorpio is also touchy, moody, and quick to lash out in anger, which is just the kind of person Libra cannot bear. Scorpio seethes and becomes steadily more jealous and demanding, Libra has either to submit or to leave.

### **LIBRA WITH SAGITTARIUS**

Libra being an air sign while Sagittarius being a fire sign.

Their comparability is often marked by ego problems if one is able to forgo his/her ego this match can become a lasting affair. They will do well together, if Sagittarius can manage to be around enough to fulfil Libra's need for togetherness. Libra is stimulated by Sagittarius's eagerness for adventure, and Sagittarius is drawn to Libra's affectionate charm. Both are highly romantic, though this quality is more dominant in Libra. Libra

will want to settle down before flighty Sagittarius does, but they can work that out. Charming, clever. Libra knows how to appeal to Sagittarius's intellectual side and easily keeps Sagittarius intrigued. Sagittarius hates bondage and cannot be confined, and will not tolerate bondage, whether it be legal or not, and will use all the means at his command to break through bonds.

### **LIBRA WITH CAPRICORN**

Libra is an air sign whereas Capricorn is an earth sign. Capricorn believes in hard work and achievement at any price. Libra is fond of socializing and nightlife, while Capricorn tends to be a loner, comfortable with only a chosen few. Libra needs flattery and attention, but Capricorn keeps its affections buried. Capricorn. And Libra's lazy, easy-going ways will offend. On the surface these two seem to be on the opposite, but the Capricorn is very much influenced by Libra. If Libra does not find the steady Capricorn nature too boring, there is good chance here for a successful marriage. Libra had better screen the social environment to suit Capricorn's views or there may be some embarrassing moments later on. Unless Capricorn can open up a little more there could be problems here. Libra requires affection and Capricorn tends to put it off.

### **LIBRA WITH AQUARIUS**

Since both belongs to the Air signs, their comparability can said to be lasting affair. This could be a good combination for marriage. And these two have all the makings for a beautiful friendship: harmonious vibes in socializing, artistic interests, even in involvement in public affairs. Indecisive Libra is delighted with the fact that quick-minded Aquarius likes to make decisions.

Possibility one of the few problems may be a misunderstanding because an Aquarius mate is unpredictable at times, and for no reason at all, may seek seclusion and refuse to communicate. In that event, the best thing to do would be to let them enjoy their solitude. Both of these signs are naturally friendly people, while Libra is best at relationship. There may not be monumental disagreements between these two but Libra will need to understand the Aquarian perfectly.

## **LIBRA WITH PISCES**

Libra is an air sign while Pisces is a water sign. This is a reasonably good combination. There is mutual attraction. This is especially true under intimate circumstances. Pisces will be content with Libra's exclusive company. They start off fine, since both are sentimental and affectionate. Pisces feels neglected, and whines and scolds. Pisces senses that Libra's commitment is often insincere and that Libra's charm is mostly superficial. But Libra's love of social affairs may generate jealousy and disharmony in the intimate life. Libra can get along well with nice people, but the Pisces is more discriminating, and this is the source of their disagreements. There is a mutual appreciation for art and beauty and all that it entails between these two.

## CHAPTER 21

### SCORPIO WITH ARIES

Whereas Scorpio being a water sign and Aries being a fire sign. With Mars dominating both signs it makes for very positive temperaments unless there are some bad natal planetary aspects. Since Aries won't take orders from Scorpions and Scorpio will never take a back seat. Love cannot be a bonfire between these two. Though they've physical, energetic, and passionate in their sexual nature and each has a forceful personality and wants to control the other there is no room for these two. This combination is can make an ideal match if one ignores to dominate the other.

### SCORPIO WITH TAURUS

These two are opposites in the zodiac, but they have more in common than other opposites. Both are determined and ambitious, and neither is much of a lover. These are zodiac opposites, but they are compatible earth and water signs. This usually manifests itself in a strong physical attraction. This combination mutually admires each other. Jealousy however is the big problem with this pair and that seems to be always showing its face. Taurus must be careful to keep faith with the scorpion, or else this combination will fall down without warning.

### SCORPIO WITH GEMINI

An air sign with a water sign. These two will have some difficulty rectifying their innate natures. Gemini is too changeable and inconstant for intense Scorpio, who needs and demands total commitment. Scorpio is basically a loner; Gemini likes to glitter in social settings. Gemini has a strong penchant for independence, while Scorpio wants to dominate and possess. Gemini's desire for freedom of action will clash with the jealous and possessive nature of Scorpio. These two will have some difficulty rectifying their innate natures. Then again, too much, stifles some. These two are opposites in the zodiac and are attracted to each other like magnets.

### SCORPIO WITH CANCER

Both are ruled by water signs. Cancer is loyal; Scorpio's jealousy isn't provoked. Cancer admires Scorpio's strength while Scorpio finds a haven in Cancer's emotional commitment. Both are extremely intuitive and sense what will please the other. Together they can build a happy home where they feel safe and loved. This relationship has great intimacy, intensity, and depth. Things just get better all the time. Scorpio should make a good mate for quiet spoken cancer. Scorpio and cancer could well prove the ideal marriage combination.

### **SCORPIO WITH LEO**

Leo being a fire sign and Scorpio being water sign. Two very strong willed individuals generally create some rather stormy moments. But Leo finds it hard to cope with Scorpio's jealousy and possessiveness. Scorpio considers Leo a showpiece. Scorpio doesn't understand Leo's need to be continually surrounded by an admiring audience. Scorpio would rather dominate than admire, and that doesn't suit Leo's kingly state. Two shining personalities join together. Basically this should make for one of the most compatible combinations, but long and happy partnership will be far better a Leo female marries a Scorpio male.

### **SCORPIO WITH VIRGO**

Virgo belongs to the earth sign while Scorpio belongs to the water sign. The combination sometimes belongs to the mutual admiration society. If Virgo will keep from hurting Scorpio's pride, this combination will be happy and enduring. Scorpio is also possessive and fiercely loyal, which makes Virgo feel loved and protected. They also admire each other's minds. Virgo is logical, intellectual, and analytical. Scorpio is imaginative, visionary, and perceptive. Scorpio is volatile but secretive, Virgo is self-restrained and reserved. The Virgo mind is very fascinated with the mysterious and intriguing Scorpio. The only problem here is on the emotional side. If each of them keeps their emotion aside there is some hope for a longer lasting friendship.

### **SCORPIO WITH LIBRA**

Libra is an air sign whereas Scorpio is a water sign. Libra may find Scorpio's intense

nature a bit overwhelming. Common goals and shared interests could avert any difficulties. There is much sympathetic magnetism between these two signs. While Scorpio is the more dominating sign of the two. There is much to recommend this union, for they have many sympathies in common. Librans are sentimental and susceptible as lovers. This seems to be appealing to Scorpio's dominant and possessive urges. As long as Libra does not hurt Scorpio's pride, Libran will find what they are looking for when they marry a Scorpio. Scorpio is also touchy, moody, and quick to lash out in anger, which is just the kind of person Libra cannot bear. Scorpio seethes and becomes steadily more jealous and demanding, Libra has either to submit-or to leave.

### **SCORPIO WITH SCORPIO**

Since both belong to the water signs. These two people who are so much alike understand each other very little. They are highly jealous and demanding. Both are sulky, brooding, and possessive. Both are in a continual struggle to force the other to relinquish control. Where is a combination that is confusing in its outcome? If both individuals have a thorough understanding of their inherent traits, they can have deep sympathy for each other. The dominant, possessive, and jealous temperaments of each are things which both will have to handle with extreme consideration. This can be a very good combination or a very bad one.

### **SCORPIO WITH SAGITTARIUS**

Scorpio is a water sign and Sagittarius is a fire. The combination of these two signs is an affair without proper and secured future. Scorpio is dominant by nature, but Scorpio will have trouble keeping their Sagittarian partner under control. Sagittarius is open, talkative, and casual about relationships. Scorpio wants Sagittarius at home, Sagittarius wants to roam. Mutual distrust is easy here. The Scorpion possessiveness will make life unbearable for Sagittarius. Scorpio is attractive to the Sagittarian lust, but that is where the compatibility ends. Not a recommended combination. Live and learn is about the best thing to expect here. Both can bring out some of the other's better qualities but the chance of anything long lasting is remote.

## **SCORPIO WITH CAPRICORN**

Scorpio belongs to a water sign and Capricorn is of earth sign. This is a very hard combination to analyse. Capricorn even likes Scorpio's jealousy-for that makes Capricorn feel secure.

These two share a sense of purpose: they are ambitious, determined, and serious about responsibility-and as a team have good auguries for financial success. The emotional incompatibility usually becomes unbearable for the combination to handle. For practical matters there are common traits, but the stubborn nature of both signs could make them enemies when things get down and dirty.

## **SCORPIO WITH AQUARIUS**

Scorpio being water sign and Aquarius being an air sign. The comparability often leads to a breaking affair. This combination usually ends up getting into unpleasant terms after a little time. Unpredictable Aquarius is too much for the solid Scorpio temperament. Aquarius has many of outside interests and this does not sit well with Scorpio. Aquarius is too reserved for the passionate Scorpio. Humanitarian instincts are what Scorpio admires in an Aquarian, but Scorpio has no interest in sharing them with the world. Scorpio wants to possess the person and Aquarius want to own the world. Without some extremely mature attitude adjustment it will be difficult to rectify the inherent differences in each other's nature. Scorpio wants to stay at home; Aquarius wants to be free to go.

## **SCORPIO WITH PISCES**

Everything seems fine until Pisces gets tired of the little interests that seem to keep Scorpio occupied outside of the home. Scorpio does not appreciate positive qualities of Pisces.

Pisces' imagination sparks Scorpio's creativity. Pisces' intuitive awareness and Scorpio's depth of feeling unite in a special closeness. This kind of mating lasts. This may be a love at first sight combination, however it seldom lasts a long period of time. But, on the positive side there is an intuitive bond here that both will find agreeable. There is attraction and emotion and feelings and all that good stuff that they both like.

## CHAPTER 22

### SAGITTARIUS WITH OTHER ZODIAC SIGNS

#### SAGITTARIUS WITH ARIES

The Mars-Jupiter duo is usually an ideal match for each other. Sagittarius is a perfect ideal and temperamental match for Aries. They both are active, spontaneous people. There may be a little conflict because both are impulsive and brutally frank. However, they have wonderful senses of humour and enjoy each other's company. If they make it in the bedroom, they'll make it everywhere else. Most people of these matches are in it for life. The Sagittarius means liberty, and the pursuit of happiness while Aries subscribes to this theory. And for this reason, that makes them a good match.

#### SAGITTARIUS WITH TAURUS

These are two very different personality types the more reserved Taurus and the outgoing Sagittarius both has an appreciation for the truth. Sagittarius has an easy live and let live attitude this might work if Taurus can tie a string to Sagittarius's. The Taurus who marries a Sagittarian will find that no amount of arguing or berating is going to change the reckless Sagittarian. With some understanding they can find harmony in their characters as long as they allow each other their personalities. With the Taurean being possessive and the Sagittarian being freedom loving, the Sagittarian may find this hard to cooperate with.

#### SAGITTARIUS WITH GEMINI

Mercury rules Gemini and Sagittarius are ruled by Jupiter the planet of knowledge and wisdom. Both have bright minds, but Sagittarius is outspoken while Gemini likes to enjoy fun. They are usually a compatible combination with both being frank, outspoken, and a certain amount of personal understanding being made. They meet on a common ground, and can plan their lives with equilibrium. They are restless, adventuresome, imaginative, and fun loving. No other opposite signs in the zodiac enjoy each other more than these two. However if Sagittarius forgoes its ego and Gemini restores to concrete

planning they can make a good combination otherwise their combination may not last long.

### **SAGITTARIUS WITH CANCER**

A water and fire combination. Sagittarius likes to wander, while Cancer is prefers to stay at home. Cancer's commitment to total togetherness only makes Sagittarius desperate to get away. In addition, outspoken Sagittarius's bluntness continually wounds sensitive Cancer. They happen to be better friends than lovers. There is a vast difference in natures and the likely hood of being compatible is all but impossible, unless there are some positive aspects in their charts. Cancer is too needy for Sagittarius. On the good side, they are both generous people.

### **SAGITTARIUS WITH LEO**

Both being of fire sign. The pendulum can swing in any body's favour. Together they share a liking for freedom, adventure, and meeting new people. Leo's natural quality of leadership brings out what loyalty Sagittarius can give. Leo is very proud, but self-confident and expansive Sagittarius is quite happy to let Leo go.

Both love change and excitement and have a great zest for life. This is an excellent combination for the most part unless Sagittarius is in need of too much freedom and Leo becomes too bossy.

### **SAGITTARIUS WITH VIRGO**

Virgo is an earth sign and Sagittarius is a fire sign. Their comparability often leads to unwanted and undesired conflicts. Though both are intellectual signs but the way their minds work clashes with each other. Sagittarius is expansive and extravagant, while Virgo prefers a simple, ordered, and unpretentious life. Sagittarius's free spirit has nothing in common with hardworking Virgo. The differences here are like day and night. Not all bad but difficult to reconcile with.

### **SAGITTARIUS WITH LIBRA**

Libra being an air signs while Sagittarius being a fire sign. Their comparability is often marked by ego problems if one is able to forgo his/her ego this match can become a

lasting affair. They will do well together, if Sagittarius can manage to be around enough to fulfil Libra's need for togetherness. Libra is stimulated by Sagittarius's eagerness for adventure, and Sagittarius is drawn to Libra's affectionate charm. Both are highly romantic, though this quality is more dominant in Libra. Libra will want to settle down before flighty Sagittarius does, but they can work that out. Charming, clever Libra knows how to appeal to Sagittarius's intellectual side and easily keeps Sagittarius intrigued. Sagittarius hates bondage and cannot be confined, and will not tolerate bondage, whether it be legal or not, and will use all the means at his command to break through bonds

### **SAGITTARIUS WITH SCORPIO**

Scorpio is a water sign and Sagittarius is a fire. The combination of these two signs is an affair without proper and secured future. Scorpio is dominant by nature, but Scorpio will have trouble keeping their Sagittarian partner under control. Sagittarius is open, talkative, and casual about relationships. Scorpio wants Sagittarius at home, Sagittarius wants to roam. Mutual distrust is easy here. The Scorpion possessiveness will make life unbearable for Sagittarius. Scorpio is attractive to the Sagittarian lust, but that is where the compatibility ends. Not a recommended combination. Live and learn is about the best thing to expect here. Both can bring out some of the other's better qualities but the chance of anything long lasting is remote.

### **SAGITTARIUS WITH SAGITTARIUS**

Since both belong to fire signs. Their combination would be a sweet-sour affair. Two lively, optimistic people on the go all the time. But this exciting, chaotic, eventful relationship is too unpredictable to suit either of them. They have a tendency to bring out the worst in each other. Each remains uncommitted and has so many outside interests that this pair inevitably drifts apart. If this combination is not on the same intellectual and social plane, there is little hope for this couple to have a long happy relationship. They will have to do everything together or nothing at all. All interests being social and business must be the same. May work better as friends or partners.

### **SAGITTARIUS WITH CAPRICORN**

Sagittarius belongs to a fire sign whereas Capricorn attributes to earth sign.

Sagittarius is venturesome, sociable, and expansive. Capricorn is cautious with money and concerned with appearances and Sagittarius is neither. Both should look elsewhere. Capricorn and the outgoing, risk taking Sagittarius. Not much in the way of compatibility but as with most combinations they can learn from each other. Sagittarius may prove to be too much for the somber and restrictive temperament of Capricorn. Their temperament is entirely different, one is optimistic, and the other is pessimistic. Here again we see the difference between them may not be a lasting affair.

### **SAGITTARIUS WITH AQUARIUS**

Sagittarius is a fire sign whereas Aquarius is an air sign. Their comparability often results in a powerful combination. Each of the other has to forgo his or her own ego. Aquarius is innovative. Sagittarius loves to experiment. These two share a great zest for living and a forward-looking viewpoint. Neither will try to tie down the other. Both seek to explore possibilities to the fullest, and they share idealism about love and life. They'll like each other too. The combination usually has a great chance for success. Both temperaments are very much alike. This is a purely social combination that will revel in a large group of friends and public-spirited associates. Sagittarius readily understands the moods and peculiarities of the Aquarius. There is a very good chance for a successful relationship.

### **SAGITTARIUS WITH PISCES**

Sagittarius is a fire sign and Pisces is water. There is much here for an interesting and sincere relationship. Sagittarius is attracted to Pisces's spirituality. Sagittarius being free and easy will find Pisces too much of a heavy load to haul around.

Though, Sagittarius may find that the marriage to Pisces is too confining. There will be a lot of confusion and wonder between these two. At times it will be good and at other times not good at all.

## **CHAPTER 23**

### **CAPRICORN WITH OTHER ZODIAC SIGNS**

#### **CAPRICORN WITH ARIES**

Capricorns are usually patient and are traditionally easygoing. Arians are too impatient to cope with the slowness attitude. Saturn represents the Capricorn and Mars governs the Aries. Aries's taste for innovation and experiment may not please Capricorns. Aries is restless, fiery, and impulsive; Capricorn is ordered, settled, and practical. Capricorn needs to dominate and so does Aries. Problems often crops up over moneymaking schemes. Not a hopeful combination. Capricorn will nod against the Arian will and a disagreement is bound to occur. In the matter of sex there is an affinity; however, their inherent personalities clash. The combination of a fire sign with an earth sign. Aries is a fiery in nature while Capricorn is earth, cautious and reserved. Aries prefers to take action while Capricorn would rather plan and wait. Without a great deal of tolerance and patience, there is not much hope for this union.

#### **CAPRICORN WITH TAURUS**

A good combination of the basic earth signs. Both are responsible and practical natures. They even have a mutual desire for success and material things. Capricorn is a strong match for Taurus, for they both have passions that are straightforward and uncomplicated. Capricorn is a bit more secretive than Taurus. With both partners having mutual understanding of each other's personalities this can be a very compatible marriage. Venus and Saturn blend very well from an emotional point of view.

#### **CAPRICORN WITH GEMINI**

Capricorn gets worried about security, while Gemini feels about losing its liberty. The Saturn ruled Capricorn will be at differences with the Mercury ruled Gemini. Patience is a virtue with Capricorn, but it is not so with Gemini. Gemini's need for a survival does nothing to make. Capricorn feel secure. Gemini's free talks, meets opposition from conservative Capricorn. Capricorn's great drive to execute will prove to be too much

for the Gemini. Until them both are ready to minimize their goals. Capricorn will go on hunting until he gains the upper hand. Of course with these two people going together anything is possible and the outcome of the result may not be satisfying to each other.

### **CAPRICORN WITH CANCER**

Both signs have plenty in common. Capricorn has too many other interests to give Cancer all the attention it needs. Cancer is shy, sensitive, and needs affection, while Capricorn is aloof, and domineering. Capricorn has the ability to make cancer's dream come true, while Cancer is happy wishing for and wanting the success and security that the Capricorn strives for.

The elements of water and earth go well together but these are zodiac opposites you can expect both side of the coin. They will have to take the good with the bad and there will be plenty of both. Capricorn lacks the warmth and sentiment that Cancer requires.

### **CAPRICORN WITH LEO**

Leo being a fire signs whereas Capricorn is an earth sign. The combination of these two may at time lead to severe complications. The slow Capricorn may prove to be too much for the carefree nature of Leo. Leo will think Capricorn stingy with affection because Capricorn's reserved, undemonstrative nature cannot give Leo the adoration it needs. Neither will take a back seat nor let the other dominate. This affair will be on the rocks before it even leaves the dock. Leo forgives and forgets; Capricorn being the one who is slow to anger and seldom forgets. This pair would not form the ideal basis for mutual understanding. Leo likes to live for the moment and Capricorn prefers to make calculated movements.

### **CAPRICORN WITH VIRGO**

Since these are two earth signs the mercury and sun combination should find mutual grounds for an agreeable partnership. A harmonious pair. Both are diligent, disciplined, and have a sense of purpose. They admire one another and take great pride in pleasing each other. Both need respect and approval and each intuitively gives the other exactly that. With these two signs there are some similarity and compatibility. They are both very

exacting. This stops many areas of disagreement. They both take great pride in appearance and surroundings.

### **CAPRICORN WITH LIBRA**

Libra is an air sign whereas Capricorn is an earth sign. Capricorn believes in hard work and achievement at any price. Libra is fond of socializing and nightlife, while Capricorn tends to be a loner, comfortable with only a chosen few. Libra needs flattery and attention, but Capricorn keeps its affections buried. Capricorn. And Libra's lazy, easy-going ways will offend. On the surface these two seem to be on the opposite, but the Capricorn is very much influenced by Libra. If Libra does not find the steady Capricorn nature too boring, there is good chance here for a successful marriage. Libra had better screen the social environment to suit Capricorn's views or there may be some embarrassing moments later on. Unless Capricorn can open up a little more there could be problems here. Libra requires affection and Capricorn tends to put it off.

### **CAPRICORN WITH SCORPIO**

Scorpio belongs to a water sign and Capricorn is of earth sign. This is a very hard combination to analyses. Capricorn even likes Scorpio's jealousy-for that makes Capricorn feel secure. These two share a sense of purpose: they are ambitious, determined, and serious about responsibility-and as a team have good auguries for financial success. The emotional incompatibility usually becomes unbearable for the combination to handle. For practical matters there are common traits, but the stubborn nature of both signs could make them enemies when things get down and dirty.

### **CAPRICORN WITH SAGITTARIUS**

Sagittarius belongs to a fire sign whereas Capricorn attributes to earth sign. Sagittarius is venturesome, sociable, and expansive. Capricorn is cautious with money and concerned with appearances and Sagittarius is neither.

Both should look elsewhere. Capricorn and the outgoing, risk taking Sagittarius. Not much in the way of compatibility but as with most combinations they can learn from each other. Sagittarius may prove to be too much for the somber and restrictive temperament

of Capricorn. Their temperament is entirely different, one is optimistic, and the other is pessimistic. Here again we see the difference between them may not be a lasting affair.

### **CAPRICORN WITH CAPRICORN**

Both belong to earth sign. They both have the same faults, which may keep fault finding down to a minimum. With important issues, they would both have what it takes to overcome any hardship. Capricorns approve of people like themselves, so with these two there's no lack of mutual respect and regard. Neither one can relax or let down its hair. Both have the same long-range aspirations and the basic qualities to attain them. Great mixture for a happy relationship. The biggest problem here will be keeping things lively and new.

### **CAPRICORN WITH AQUARIUS**

Since Capricorn being an earth sign and Aquarius being an air sign Capricorn believes in self-discipline and Aquarius believes in self-expression. Capricorn finds Aquarius too unpredictable, and Aquarius's impersonal attitude makes Capricorn uneasy. However, they should like each other and love can turn into friendship. This is a very hard combination to analyse. Capricorn wants all effort and anything else Aquarius has to give- to be cantered at home for their mutual good. Capricorn does not like the interest that Aquarius shows to other people.

### **CAPRICORN WITH PISCES**

As Capricorn being an earth sign and Pisces being a water sign. This is a good combination with complimentary values. And there's nothing Capricorn likes better than being admired. Pisces generous affections and Capricorn's strong sense of loyalty combine to make each feel safe and protected. These very different people meet each other's needs. One of the things that Pisces will admire about Capricorn is his very practical ways.

This combination seems to work very well, provided each other admires the other's values first.

## CHAPTER 24

### AQUARIUS WITH OTHER ZODIAC SIGNS

#### AQUARIUS WITH ARIES

Aquarius belongs to an air sign whereas Aries belongs to fire sign. Both signs are of independent nature but at times Aquarius will do things without notice with which Aries may become impatient. Since both are active, ambitious, enjoy a wide range of interests, and are equally eager for sexual adventure. As both are independent Aquarius energies more than Aries and Aries may at times feel neglected. Aries finds the Aquarian unpredictability exciting, but feels entirely insecure. However, with a bit of tact and understanding on both sides, this is a great affair that could turn into something even better. This could possibly be a good relationship, but will require a positive attitude on both parts.

#### AQUARIUS WITH TAURUS

These two live on opposite sides of the planet, in fact sometimes, Taurus will wonder if Aquarius is even from this planet. Neither is likely to approve of the other. Taurus is conservative, careful, closemouthed. Aquarius is unconventional, innovative, and vivacious. Taurus is lusty and passionate while Taurus needs security and comfort. Aquarius, a fancy-free loner who resents ties that bind. This combination heads in for many difficulties. The Aquarian being unpredictable. Both love ease and comfort but their views on how to obtain them are very different. Another big irritation for the Taurus lover is the unwillingness of the Aquarius to share his secrets. Aquarius will find the Taurus attention somewhat smothering and restrictive

#### AQUARIUS WITH GEMINI

Gemini is bit inconstant or unstable, Aquarius understands somewhat Gemini's needs. Gemini is always looking for surprises and the Aquarian can give them. Gemini and Aquarius get along quite easily. They share a taste for new things, travelling, meeting new people and doing new things. Since both are unpredictable, things may always go

smoothly with them. But love keeps getting them together, for Aquarius adores Gemini's wit and good cheer. The caring, thoughts of Aquarius will find a smooth home with Gemini. Uranus, the ruling planet of Aquarius, is full of surprises and sudden changes. This will suit the Gemini perfectly. There will be plenty of none stop variety to afford the stimulation that Gemini needs for its dual personality and goal.

### **AQUARIUS WITH CANCER**

Aquarius is quick-minded, unpredictable, and apt to be impatient with cautious, hesitant Cancer. Cancer has a conservative taste while Aquarius taste is usually the opposite. Cancer needs to feel close and secure. The social side of the Aquarian may prove to be too much for the Cancer. Aquarian's love to share their life stories with the world while cancer is satisfied to concentrate on personal obligations. Odds against this combination are too great for this combination, unless one will become convergent to the other. Aquarius has a need to be independent and often appears detached in a close relationship with cancer.

### **AQUARIUS WITH LEO**

Aquarius is an air sign and Leo is a fire sign.

The comparability of this two in terms of worldly affairs can often become difficult to match. Both like socializing and meeting new people, but Leo always needs to perform on center stage, which makes Aquarius impatient and irritable. Aquarius is too independent to become Leo's devoted subject. And that's where it ends. Leo views Aquarius's aloof emotions as a personal rejection. Both signs are better when doing things for others. Leo loves the world and Aquarius loves humanity. This makes for an excellent combination for a partnership that deals with or caters to the public. Each has a mutual understanding of the other when it comes to intimate matters, needs and desires.

### **AQUARIUS WITH VIRGO**

Aquarius is an air sign while Virgo is an earth sign. Aquarius has venturesome ideas and thinks Virgo unresponsive or cold. A lot depends on the cultural and educational levels of the partners. Aquarius is interested in other people, causes and Virgo is cautious

about emotional giving. Virgo seeks personal achievement and financial security. Aquarius is outgoing, inventive, a visionary. Virgo is reserved, prudent, and very practical about its ambitions. This couple may not even make it as friends. There is a marked difference between the two; the chances for a happy and enduring marriage are almost nil. Each has a distant quality. There is no happy medium with this combination; it is either very good or very bad.

### **AQUARIUS WITH LIBRA**

Whereas both are air signs. They both have basically the same interests and qualities, so there would be great understanding in the relationship. The biggest problem may be unresolved conflicts, as neither wants to stir the pot when differences appear. Equally demonstrative, lively, warm, sociable, in love with beautiful things, a problem is that neither wants to face reality. Though they are charming, peace loving, and adaptable, and each needs a stronger balance than the other can provide. Also, because they are so much alike. Here is a match made in heaven, unless one had an incompatible sign rising at birth. . While both likes to be admired. With this combination there is so much in common and so little negatives

### **AQUARIUS WITH SCORPIO**

Aquarius being an air sign and Scorpio being water sign. The comparability often leads to a breaking affair. This combination usually ends up getting into unpleasant terms after a little time. Unpredictable Aquarius is too much for the solid Scorpio temperament. Aquarius has many of outside interests and this does not sit well with Scorpio. Aquarius is too reserved for the passionate Scorpio. Humanitarian instincts are what Scorpio admires in an Aquarian, but Scorpio has no interest in sharing them with the world. Scorpio wants to possess the person and Aquarius want to own the world. Without some extremely mature attitude adjustment it will be difficult to rectify the inherent differences in each other's nature. Scorpio wants to stay at home; Aquarius wants to be free to go.

### **AQUARIUS WITH SAGITTARIUS**

Aquarius is an air sign whereas Sagittarius is a fire sign. Their comparability often

results in a powerful combination. Each of the other has to forgo his or her own ego. Aquarius is innovative. Sagittarius loves to experiment. These two share a great zest for living and a forward-looking viewpoint. Neither will try to tie down the other. Both seek to explore possibilities to the fullest, and they share idealism about love and life.

They'll like each other too. The combination usually has a great chance for success. Both temperaments are very much alike. This is a purely social combination that will revel in a large group of friends and public-spirited associates. Sagittarius readily understands the moods and peculiarities of the Aquarius. There is a very good chance for a successful relationship.

### **AQUARIUS WITH CAPRICORN**

Aquarius being an air sign and Capricorn being an earth sign. Capricorn believes in self-discipline and Aquarius believes in self-expression. Capricorn finds Aquarius too unpredictable, and Aquarius's impersonal attitude makes Capricorn uneasy. However, they should like each other and love can turn into friendship. This is a very hard combination to analyse. Capricorn wants all effort and anything else Aquarius has to give- to be cantered at home for their mutual good. Capricorn does not like the interest that Aquarius shows to other people. A very doubtful combination. Too many other differences as well and unless you have other compatible aspects in your birth charts, don't expect a long lasting affair.

### **AQUARIUS WITH AQUARIUS**

Both being an air signs. This combination is more compatible than any other combination. One Aquarius finally finds just the right mate in the other Aquarian. They admire and like each other, and especially enjoy each other's sense of humor. Each is involved in all kinds of projects and friendships. With so many outside activities going, they are likely to be apart as much as they are together and that's fine with them. They haven't a thing to quarrel about since they agree on everything: Both of them are much more rational than emotional.

### **AQUARIUS WITH PISCES**

Aquarius is an air sign whereas Pisces is a water sign. Their comparability often leads to an unconventional relationship. Pisces needs someone strong to take control. Aquarius shuns any kind of emotional demands. This can be a dreamy affair as someone should show the reality to these people and that's not to say that they are unaware of reality. Both operate in a different manner than the other signs. If the Pisces is able give the Aquarius the benefit of the doubt, the marriage should be a lasting one.

## **CHAPTER 25**

### **PISCES WITH OTHER ZODIAC SIGNS**

#### **PISCES WITH ARIES**

Pisceans are romantic and they desire the delicate approach that which the Arian lacks. Aries will draw Pisces out of their shell, and in turn will be appealed by Pisces mysterious nature in terms of sexuality. The boldness and confidence of Aries adding to the Pisces's intuitions and fantasies end in an eventful union. Pisces is somewhat shy and Aries likes to be dominant, Pisces likes having someone to be looked upon. For a happy coupling thus requires only a little more tact on Arian part.

#### **PISCES WITH TAURUS**

These two can share a great deal of their appreciation for beauty, art, and sensuality and just about any of the finer things in life. Pisces may not altogether understand Taurus's materialistic approach to life. Taurus's practical, easygoing nature helps Pisces through its frequent changes of mood. In love, Taurus is devoted and Pisces adores. This usually is a very happy combination. Pisces being romantic, imaginative, impressionable and flexible is just what the Taurus native is looking for.

#### **PISCES WITH GEMINI**

Their passion is quite high, and so are their problems. Thoughtless Gemini easily hurts Pisces. Gemini is mischievous and playful, but Pisces is sensitive and takes things to heart easily. Each practices in his or her thoughts in their own way: Gemini needs freedom and Pisces needs unending appreciation.

Pisces just can't feel secure with talkative moods of Gemini, and he tries to pull the net in his own way. This atmosphere eventually makes it hard for Gemini to breathe his own liberty. The freedom of Gemini is stake if he marries a Piscean. Gemini's should be prepared to change their ways if they want to seek happiness with a loving and possessive Piscean.

#### **PISCES WITH CANCER**

The water signs rule a harmonious match and quite a perfect match as both. The sentimental combination of these two signs makes for an ideal marriage. Although both will have their moments of gloom and doom, they will soon come out in the sunshine to forgive and forget each other. They are both romantic, need to love and be loved and can probably communicate to each other without speaking or making facial gestures. Both are emotional, intensely devoted, and sensitive to each other's moods.

### **PISCES WITH LEO**

A fire and water combination. Leo being a fire sign and Pisces being a water sign often makes this a unique combination. Both are more inclined to take than to give. Fiery Leo and watery Pisces. This is the depiction of these two. Generally not expected to work but both have an ability to learn from one another if they can get past their innate differences. The strong and hearty temperament of Leo may be too much for the subtle and sensitive Pisces. Pisces, with resilience, takes on the changing moods of any partnership.

While Leo is flattered by the dependency of others. Pisces may be too much for Leo to take over a long period of time.

### **PISCES WITH VIRGO**

Pisces is fascinated by Virgo's incisive, analytical mind. Virgo, love means security and mental compatibility. Pisces is the very opposite of Virgo as opposites often are sentimental and are poles apart. It will take a great deal of patience and understanding on the part of Virgo to cope with the sentimental nature of Pisces. This is another pair of zodiac opposites that can be great at times and horrible at others times. The opposites can learn a lot about themselves from their counterparts. It will go a long way in making this combination happy

### **PISCES WITH LIBRA**

Libra is an air sign while Pisces is a water sign. This is a reasonably good combination. There is mutual attraction. This is especially true under intimate circumstances. Pisces will be content with Libra's exclusive company. They start off fine, since both are

sentimental and affectionate. Pisces feels neglected, and whines and scolds. Pisces senses that Libra's commitment is often insincere and that Libra's charm is mostly superficial. But Libra's love of social affairs may generate jealousy and disharmony in the intimate life. Libra can get along well with nice people, but the Pisces is more discriminating, and this is the source of their disagreements. There is a mutual appreciation for art and beauty and all that it entails between these two.

### **PISCES WITH SCORPIO**

Everything seems fine until Pisces gets tired of the little interests that seem to keep.

Scorpio occupied outside of the home. Scorpio does not appreciate positive qualities of Pisces. Pisces' imagination sparks Scorpio's creativity. Pisces' intuitive awareness and Scorpio's depth of feeling unite in a special closeness. This kind of mating lasts. This may be a love at first sight combination, however it seldom lasts a long period of time. But, on the positive side there is an intuitive bond here that both will find agreeable. There is attraction and emotion and feelings and all that good stuff that they both like.

### **PISCES WITH SAGITTARIUS**

Sagittarius is a fire sign and Pisces is a water Sign. There is much here for an interesting and sincere relationship. Sagittarius is attracted to Pisces's spirituality. Sagittarius being free and easy will find Pisces too much of a heavy load to haul around. Though Sagittarius may find that the marriage to Pisces is too confining. There will be a lot of confusion and wonder between these two. At times it will be good and at other times not good at all. Your natures are somewhat opposite to one another and the ability to understand the other's intent and actions will be evident.

### **PISCES WITH CAPRICORN**

As Capricorn being an earth sign and Pisces being Water sign. This is a good combination with complimentary values. And there's nothing Capricorn likes better than being admired. Pisces generous affections and Capricorn's strong sense of loyalty combine to make each feel safe and protected. These very different people meet each other's needs. One of the things that Pisces will admire about Capricorn is his very practical ways. This

combination seems to work very well, provided each other admires the other's values first.

### **PISCES WITH AQUARIUS**

Both being an Air Sign. This combination is more compatible than any other combination. One Aquarius finally finds just the right mate in the other Aquarian. They admire and like each other, and especially enjoy each other's sense of humour. Each is involved in all kinds of projects and friendships. With so many outside activities going, they are likely to be apart as much as they are together and that's fine with them. They haven't a thing to quarrel about since they agree on everything. Both of them are much more rational than emotional.

### **PISCES WITH PISCES**

Since both belong to water sign, having the same virtues and vices they should get along well together, at least they will have understanding and sympathy for one another. They find it hard to cope with practical realities, and there's no strong partner around to push either one in the right direction. Both have the same interests and the same love of home and possessions. At least both can be anchored to each other, so that they can put their shoulders to the wheel and face the responsibilities that reality demands. They have the refinement and delicacy that each desires. This should be a good combination.
